PARDON BOARD WILL
HEAR MANY APPEALS

Eight in For Life Imprisonment to Present Petitions For Clemency.

International News Service:

INDIANAPOLIS, Ind., June 5.—The state board of pardons is preparing to hear an unusually large number of appeals at its meeting on June 19, 20, 21 and 22.

Although the board has already refused clemency to some of his associates in the murder of Mary Nichols in 1909, Harry Riggins will place his plea before the state board. He was one of four boys who robbed her home south of the city and then killed her. All four were sentenced to life imprisonment.

Eight persons serving life terms for murder will present petitions. Among the more important ones will be Isaac Snow of Lawrence county, who was sentenced in 1898 for killing John McCarty. Snow is 65 years old and has tried for years to secure a pardon.

Among others will be: John C. Carter, who killed another man while employed as a watchman for the Indianapolis Traction and Terminal Co.; Alonzo Fisher, who killed his wife in Richmond, July 24, 1907; Ernest Bogus, sentenced from Madison county for burning his grandmother's barn; Varma McDonald, sentenced from Warrick county for wife desertion; Glen Jones, sentenced from Lake county in 1914 for manslaughter; Frank J. Harris, sentenced from Clark county for criminal assault; and Herman Airgood, sentenced from Lagrange county for criminal assault.

SAYS HE IS SORRY

Waite Writes Letter to Son of Those He Killed.

News-Times Special Service:

GRAND RAPIDS, Mich., June 5.—Percy Peck received the following letter from Dr. Arthur Warren Waite, dated May 31, the Tomb:

"Please read this short note. I am glad the ordeal is over for you. I am glad that I shall be allowed to pay, in some small way, for the terrible wrong I did you and yours. Oh, please believe that I am broken in sorrow for my acts. I did not make any excuses, but please believe that God has touched my heart and shown me the sorrow I brought to you.

"May God comfort you all and may you not believe, because of me, that there is only hypocrisy and wickedness in the world.

"I will gladly pay to the utmost farthing—I would do more if I could.—A. W. Waite."

ARTILLERY BATTALIONS
OF MILITIA TO DRILL

Three Batteries Encamp at Fort Harrison—500 Men in Training.

International News Service: INDIANAPOLIS, Ind., June 5.—The entire Indiana artillery battalion, of the Indiana national guard went into a week's encampment at Fort Harrison Monday. Formerly the encampments were held at Fort Sparta, Wis., but because of the absence of army officers who are at the Mexican border, it was decided to hold the encampment here.

Battery A, Indianapolis; Battery B, Purdue university; Battery C, Lafayette, composed of about 500 men, went into the camp. The topography at Fort Harrison makes it impossible to hold direct firing methods with the field artillery, and therefore the instruction will consist of mounted and dismounted drill, smoke bomb and sub-caliber fire.

FAIRBANK'S BOOSTERS
ENROUTE TO CHICAGO

Fully 2,000 Republicans Embark on Special Trains—All Wear Badges.

International News Service: INDIANAPOLIS, Ind., June 5.—The exodus of Indiana republicans to Chicago to boost for the nomination of Charles Warren Fairbanks by the republican national convention began Monday.

One train started over the C. & E. I. from Evansville at 9:45 o'clock, leaving from Princeton, Vincennes, Sullivan, Terre Haute and Fort Wayne. A second special was to leave Fort Wayne at 2:30 o'clock, stopping at several points, and a third special left Indianapolis over the Big Four, stopping at Lafayette and other points.

It was estimated that fully 2,000 republicans, including many of the 60 Indiana delegates and alternates, were on the three special trains. They will stage a big parade in Chicago before the convention, all carrying Fairbanks banners.

The Indiana badges read as follows: "Wear a Fairbanks Badge and Don't Knock Any Candidate. Remember, We Are All Republicans. Just Boost Fairbanks."

FIVE YEAR OLD BOY
IS BURNED TO DEATH

Child Had Been Repeatedly Warned Not to Play With Matches.

News-Times Special Service:

SAGINAW, Mich., June 5.—While playing with matches which he had repeatedly been warned not to touch, Louis F. Klees, Jr., the 5-year-old son of Mr. and Mrs. Louis F. Klees, 1908 S. Weadock av., accidentally set fire to his clothing and received burns which resulted in his death.

The child was left alone at the breakfast table while his mother went across the street to the grocery store. A short time after a girl who was passing was attracted by his screams and called Mrs. Klees, who discovered the boy standing in the doorway with his clothes burned from his body. Dr. J. D. Bruce was called and ordered the youngster removed to St. Mary's hospital. His burns proved fatal, however, and he died at noon.

Louis had been warned a number of times to let matches alone and before breakfast his mother had purposely slightly burned his finger with a match to break him of the habit. It is supposed, however, that during his mother's absence he got hold of matches in spite of the warning and set fire to his clothing. He is survived by his parents and by a 7-year-old sister, Ruth.

How Nuxated Iron Helped
Me To Whip Frank Moran

Jess Willard Tells Secret of His Easy Victory. Also reveals hitherto untold secret of his great triumph over Jack Johnson; Says Iron is Greatest of all Strength Builders.

Ordinary Nuxated Iron will often increase the strength and endurance of delicate, nervous folks 200 percent, in two weeks, time.

SPECIAL NOTE.—Dr. E. Sauer, a well known physician who has studied widely in both this country and Europe, has been specially employed to make a thorough investigation into the real value of the great strength, power and endurance of Jess Willard, and the marvelous value of nuxated iron as a strength builder.

NEW YORK.—Upon being interviewed at his apartment in the Colonial Hotel, Mr. Willard said: "Yes, I have a chemist with me to study the value of different foods and products as to their power to produce great strength and endurance, both of which are necessary in the prize ring. On his recommendation I have often taken nuxated iron, and I have particularly advocated the free use of iron by all those who wish to obtain great physical and mental power. Without it I am sure that I should never have been able to whip Jack Johnson so completely and easily as I did, and while training for my fight with Frank Moran, I regularly took nuxated iron, and I am certain that it was a most important factor in my winning the fight so easily." Continuing, Dr. Sauer said: "Mr. Willard's case is only one of hundreds which I could cite from my own personal experience which proves conclusively the astonishing power of nuxated iron to restore strength and vitality even in most complicated chronic conditions."

Not long ago a man came to me who was nearly half a century old, and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man—in fact, a young man he really was, notwithstanding his age. The secret he said was taking iron—nuxated iron had filled him with renewed life. At 39 he was in bad health; at 46 careworn and nearly all in. Now at 58 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause which started their

I consider that plenty of iron in my blood is the secret of my great strength and endurance.

Jess Willard

diseases was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless.

Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the affray, while many another has gone to ineluctable defeat simply for the lack of iron.—E. Sauer, M. D.

NOTE.—Nuxated Iron, recommended above by Dr. Sauer, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose value is widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the stomach, on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$1000 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Wetzel's Cut Rate Drug Store and all other druggists.—Advt.
